Dear friends

Today is February the 10th, and my newsletter is long overdue. This month of February has a few planetary changes. Sun moves into Aquarius on February 14th, just as mercury becomes retrograde. On 19th, Mars moves into Capricorn, coming in opposition to Saturn. Today, Saturn was closest to Earth. This will have some effects on the Earth's atmosphere. The weather is going to be unusual, there may be some storms and earthquakes around. Until the end of March, there may be some difficulties to the American government. There could also be some calamities of the nature that could be experiences in the south.

This is also going to be the year of transformation of many people. Wisdom and a concern for humanity would start to prevail, and this could herald a new age for humanity which would lead the world into spiritual values and peace.

People who are heart patients should take extra care until the end of March. On February 17th, it will be the new moon, and there would be a sun-moon-Rahu-Ketu nexus, which may affect the tides and the weather. There could be water related accidents, and some water related diseases or viruses that could affect some people. Its not a good time to have sea food till end of march.

People who have the moon sign of Aquarius, Leo, Capricorn and Cancer should take care. This is not a good time to travel. After March 14th, it would be alright. The U.S. government could face a challenging situation next month. President George W Bush will also face some humiliating experiences. Some of his own people will turn against him. There may be a military use within this month, which may last till end of March, but there will be unpleasant situations and oppositions to the government.

People who have the moon sign of Pisces, and Cancer will have some good changes in their lives. Scorpios

will go through some mental transformations. Wedding bells may ring for some Cancer, Scorpio and Pisces people.

I had mentioned in my previous newsletter that there would be shift on the earth's axis, and there would be change in weather and environment of the world. Its not because of global warming as the scientists say. Actually the earth has started to change. In time to come, there would be some geographical changes too. There would be snow where you could least expect, and the western countries would have to start fixing ceiling fans in their homes!

So much for now. But before I close, I must add a few words from God.

BABA SAYS - - -

No matter where you go, always do your duty as you see it, and know that I will be there inside you, guiding you every step of the way. In years to come, you will experience Me in many different manifestations of My Form.

You are My Own, dearer than dear to Me. I will protect you as the eye-lids protect the eye. I will never leave you and you can never leave Me.

From this point on, do not hanker after anything. Do your duty with Unwavering Love, seeing all as God. Be patient. In time, everything will be given to you. Be happy. There is no need to worry about anything.

Whatever is experienced, whatever happens, know that this Avatar has willed it so. There is no force on Earth which can delay for an instant the mission for which this Avatar has come. You are all sacred souls and you will have your parts to play in the unfolding drama of the New Golden Age, which is coming.

Sathya Sai Baba

May God bless you all and the entire humanity.
