Dear friends,

My newsletter has been long overdue. I was away to India and just came back a couple of days ago. As of June 3rd, the Sun is in Taurus, mercury in Gemini, Venus in cancer, Jupiter in Scorpio, Rahu in Aquarius and ketu in Leo. Some planetary changes take place by the middle of June. On 16th, the sun moves into Gemini, along with mercury, mars moves into Aries. Now hereafter, Saturn will be conjunction with Venus and aspecting mars.

This planetary aspect will affect people who have the rising sign and moon signs of cancer, Aries, Capricorn and Libra. For Cancer rising, there will be some danger from vehicular accidents and may have some problems with or to their partners/spouses. Likewise for Libra signs. Capricorn signs will travel and may have to go away from home. Libra and Aries signs may shift or move their premises. This month will bring about major changes for some.

I had mentioned in my earlier newsletters that Gen. Musharraf of Pakistan and George w. Bush will both face a lot of opposition and see their lowest popularity. Well, you all must have heard about Gen. Musharraf facing a national revolt, and George Bush is facing lots of opposition as well.

Regarding India and America, I see some secret conspiracy against the two countries. Places of entertainment, and some Naval areas may be in danger. Vehicular accidents are possible, including plane crashes. Places near water may be in danger. This mars-Saturn opposition can create a military situation.

Danger to Gen. Musharraf and George bush, because both of them have cancer rising in their charts.

July 15th, Saturn moves into Leo after two and a half years. Saturn would come in aspect with Rahu and Ketu, and from mid August onwards, Sun, Mercury, Venus, Ketu and Saturn would all come in conjunction in Leo. This cluster is going to create a lot of disbalanced energy in the universe. Major storms and hurricanes may be expected in August. August 17th, 18th and 19th are precarious.

For America, mercury in cancer, moon in Virgo, Saturn and Venus in cancer have always brought some major storms and calamity. But I am more worried about this August 3rd week cluster, which can wreak havoc at many places. There could be huge floods, earthquakes and terrorist attacks in India. The world has to prepare for some great unrests to come. In this August cluster, people who have the moon signs of Leo, Aquarius, Taurus and Capricorn should be very careful. Those who have the moon sign of Virgo, begin their seven and a half year cycle of Saturn. Gemini people finally can heave a sigh of relief as their Seven and a half year cycle of Saturn gets over. Capricorn signs need to be very cautious about accidents and life dangers. Those who have the moon signs of Cancer, Leo, Virgo and Capricorn would be strongly advised to wear a blue sapphire to overcome the evil rays of Saturn. They should also pray every Saturday for Saturn. Cancer, Capricorn and Libra signs should wear a natural white pearl of about 5 to 7 carats set in silver ring or a pendent. Blue sapphires may be worn on the right hand middle finger set in silver. The gem should be flawless, clear and lustrous. The weight may be between 1.5 carats to 2 carats. The blue sapphire is worn on a Saturday morning. Pl. refer [website:ishwarastral.com](http://www.ishwarastral.com)

In all aspects of practical life, one should be careful before making any major decisions, be it any business investment, marriage, or overseas travel. These predictions are general, and the actual effects on the individual can only be seen after studying the birth chart.

May God bless you all with wisdom, and peace be upon you.

God, the creator made the entire universe in a divine plan. The difficulties and challenges that we are experiencing are because of what man has made for man. It is our individual karma, and a general deterioration of the world order. We all need to look at ourselves, and do introspection.

A real deep insight will reveal that even in the challenges that we face, there is a spiritual purpose. The wise ones will learn and made amendments, while the ignorant will suffer. Such is the law of cause and effect.

God bless.

Dr. Rakesh Kumar
