Dear friends

You must have heard about the great floods in England and Germany. India too, has had its share of floods and earthquakes. Within the last 3 days, there were earthquakes in Delhi and Nicobar. July 15th has barely crossed and already some signs are there.

I had already mentioned in my last newsletter about some difficult days ahead for the world. I do see some militants and terrorists grouping together in the Afghanistan-Pakistan border. I think that area is going to be the nucleus of the terrorist camp and headquarters. 5 militant groups are going to assemble there soon. Names starting from the consonants of '-SA' and 'MA' could be important. Powerful dark forces seem to come from there, which will hit out at the world soon. America and India should be very careful in the coming months. Not only there would be man made terror, but nature will also have no mercy. There could be mass destruction. Subway stations (e.g. Penn station), and airports will be at high risk. Threat could be from underground, and through vehicles.

General Musharraf of Pakistan had a close shave with death, and George Bush also should be very careful. Some hidden danger awaits him.

The weather and the seas are going to get crazy and there would be great chaos.

At times like this, we should all pray to God to be kind and merciful to all humanity, and bring about a transformation in the minds of the evildoers, so that the human race can live in peace and harmony for the next age to come.

God bless
