Dear friends

Today is January 14th, and the sun moves into Capricorn. This is a very auspicious day, and in India, it is called "Makar Sankranti" Many people in India have a dip in waters of the holy river Ganges. It is said that this is a very good day for initiations and new ventures. Lord Shiva is worshiped on this day, a Monday, and many mantra chantings are done for prosperity and peace. Thus, all should do whatever prayers, of whatever faith, on this day.

Astrologically, Sun moved into Capricorn, Moon as of today is in Pisces, Mercury in Capricorn, Venus in Scorpio, but moves in Sagittarius on 20th Jan, Mars in Gemini, Jupiter in Sagittarius, Saturn in Leo, Rahu in Aquarius and Ketu in Leo. There is a total lunar eclipse coming on Feb 21st.

For America, the time is on the rise, but will take another 2 years for a total recovery and transformation of the government, the people and the system. From Oct/Nov 2010 onwards, America will be a new country with great prosperity, and a turnaround of many things in the country. Very positive.

Now for individuals, those who have the moon sign of Cancer, Leo, Aquarius, Taurus and Scorpio will be facing some challenges and changes. There will be uncertainty and confusion until April/May for these people. They have to exercise patience, caution and tolerance until then.

Sagittarius, Pisces, Virgo and Gemini Moon signs will have some very positive changes and prosperity in life. Life takes them to the next level of their destiny and new avenues open up for them. Good for home, harmony, marriage and moving and positive changes.

#### Now about our ISHWAR center

We may have some good news for you very soon! It looks like we may eventually open our center in New York soon, where we propose to offer multiple holistic services there. The most ideal and central location where all trains stop is Jackson Heights, in queens. There will be a Sri Satya Sai Baba temple cum meditation hall, where all are welcome at anytime, any day, irrespective any faith or religion. This will be a place where people can come and sit for hours and connect to the divine atmosphere. We will start services in Yoga, Pranayama, Ayurveda, Mantras, Jyotisham, Nature cure, Mudras, Homoeopathy, Healing music (Raagas), Weekly spiritual discourses for children, and for senior citizens, weekly bhajans (devotional songs) cooking vegetarian foods and some other services, as and when required.

We shall keep you updated on the latest development on the center.

Wish you all a very good beginning of the new year, and may God shower peace and prosperity upon all.

God bless.

Dr. Rakesh Kumar
