Dear Friends,

Venus has moved into Capricorn on Feb 12th. Retrograde Mercury becomes direct on Feb 19th. But there is a greater phenomena coming up on Feb 21st. There is a total lunar Eclipse on that day. The Eclipse starts from 0713 Hrs in the morning and ends at 1039 Hrs I.S.T.

On Feb 21st, we would have the Sun, Rahu, Saturn, Ketu and Moon all in an alignment in the zodiac signs of Aquarius and Leo.

This combination will have some effects on countries and individuals both.

All those who have the Moon sign or rising sign of Leo and Aquarius will be most affected. Also, the signs of Taurus and Scorpio are next on the list.

All other signs will also be affected in some area or the other, but individuals will have effects according to their planets placed at birth in their charts.

America has the Moon sign of Aquarius. India has the rising sign of Taurus. By the way, when I speak of India, Pakistan is automatically included, since it adjoins India. So like I mentioned in my last newsletter, there may be chaotic conditions in India. Unusual weather and hidden dangers prevail. Natural calamities may befall upon the countries. Earthquakes, floods and such things may happen. Even places in the far east, like China, Japan, Indonesia, Bangladesh etc will also be subject to such influences. There may be huge loss of life and huge destructions due to unknown factors and natural disasters. So this is really a time to be vigilant and alert.

For individuals, those who have the signs Leo, Aquarius, Taurus and Scorpio should be on red alert. Every day, follow the ABC of life - Always Be Careful!

There are chances of family disputes, breaking of relationships or marriages.

The home front and work front are going to be very vulnerable and until March 14th, its time to be dead cautious, alert and to be controlled in mind, senses and speech. People have to apply all wisdom and exercise patience and pray. Ego can undo everything and scatter one's life totally. Humble your ego.

After March 14th, you can have a sign of relief.

I pray to God for the welfare of all of you and for the entire humanity.

God bless

Dr. Rakesh Kumar
