Dear friends,

I am greatly concerned about a possible terrorist attack in New York City and in Washington. I had given an open forewarning on August 20th that there may be a terrorist attack between Sept 29th and November 10th this year. One terrorist was apprehended 2 days ago (Please read <http://www.foxbusiness.com/government/2012/10/17/man-attempts-to-blow-up-ny-fed-building-suspect-in-custody/> and <http://www.usatoday.com/story/news/nation/2012/10/18/terror-arrest-new-york-city/1641109/>).

But I feel there may be 2 or 3 more hidden attacks planned which may happen anytime between end of October and November 9th. Targets could be areas of transportation like subways, public places, religious places or hospitals and police or military bases.

On August 20 2012 I said, "From 29th of September and until 8th of November this year, there may be a danger from some terrorist attacks, and/or some secret conspiracy that may endanger this country. I will go to the extent to give this as a forewarning to the FBI, the homeland security and also to the President of the USA." – Prediction made on national radio WBAI 99.5 FM, New York, in a program on August 20th 2012. On the July 4th newsletter, I had given a warning about some war like situation, some bombing and a religious fight. We all know about the attack on the US embassy in Yemen and the religious fights because of the film on Prophet Mohammed.

Just like the FBI busted the October 18th terrorist, they can avert the threat of an attack that may happen between the last week of October and 1st week of November.

They say forewarned is forearmed. I have sent out this information to all concerned departments of the government. Let's hope they take timely action and avert any disaster or attack.

If you know anyone who can use the above information, please pass on the message.

Thank you.

May God bless and protect all.
