### The Awaited One - Sai Thy Kingdom Come!

Dear friends,

Many have been awaiting my newsletter and here is the latest:

The month of October 2014 is also going to be a very critical month for the world. The planets are as follows:

October 8<sup>th</sup> is a total lunar eclipse. On October 17<sup>th</sup>, the Sun will enter the zodiac sign of Libra, joining Saturn. Mercury moves back in Virgo with Rahu by retrograde motion. Mars will move into Sagittarius the next day on 18<sup>th</sup>. And Venus will move into Libra as well on the 19<sup>th</sup>.

On October 23<sup>rd</sup> there is a New Moon, and a partial solar eclipse. The Sun, Moon and Venus will all be at 5 degrees in Libra. Mars enters *Mula Nakshatra* (constellation) on October 18<sup>th</sup> until November 5<sup>th</sup>. These planetary aspects could auger some dangerous circumstances. The planetary energies could bring accidents, be it aircrafts, ships or other modes of transportation. There could be severe floods, super storms, lightning, tsunamis and major water related disasters. The earth will be jolted by earthquakes and could cause landslides and breaks on the earth's surface. These planetary energies will be in effect until November 3<sup>rd</sup> this year.

The month of November 2014 is extremely mysterious and spiritual. This month has many great things in store for humanity.

Saturn moves from Libra into Scorpio on November 2<sup>nd</sup> 2014. The planet Saturn moves in 2 ½ years and this will be a major shift for everyone on Earth. Venus will move back into Libra on November 12<sup>th</sup>, Sun will move into Scorpio on November 17<sup>th</sup> and Rahu will change *Nakshatra* (constellation) on November 16<sup>th</sup>. Moon also enters Scorpio on November 22<sup>nd</sup>, which is a new Moon. Mercury will move into Libra on November 24<sup>th</sup> and Mars will move into Capricorn on November 27<sup>th</sup>.

On November 27<sup>th</sup>, the Moon will be transiting *Abhijit Nakshatra*, between 0730 hrs to 0745 hrs, IST, Bangalore. (Indian Standard Time). Abhijit Nakshatra is not within the 27 Nakshatras that are in effect in today's age and times. This is referred to as the 28<sup>th</sup> Nakshatra, which falls between 06° 40' to 10° 53' 20" in sidereal Capricorn i.e. from the last quarter of nakshatra *Uttarashada* to first 1/15<sup>th</sup> part of *Shravana*. Hence, Abhijit nakshatra is

not a regular nakshatra with four *padas* or quarters. It is the brightest of all stars called Vega. Thousands of years ago, it was one of the Rasis (Zodiacs) called Brahma rasi. Lord Krishna, in His divine incarnation on Earth (3228 B.C) declared that among the Nakshatras, He was Abhijit, among the Rudras, He was Shiva. Thus *Abhijit nakshatra* is a very powerful and sacred nakshatra.

Thus November 27<sup>th</sup> and 28<sup>th</sup> 2014 are very powerful days and I believe that the new age will begin from these dates. Some land areas will shift and rivers will change their course. The lapse in the error of time will catch up during this period and many celestial laws will change. The movement and aspects of the planets will also change as will some cosmic alliances and energies. Whenever a new age begins, many things change on Earth and other planets. Our solar system operates in a certain mathematical pattern in permutations and combinations of the planets. These planets affect the Earth and human beings and emit certain cosmic rays to fulfill the law of Karma. I had already said in my previous newsletter that after many calamities and dangerous situations in the world, God Himself will appear on Earth to save the Earth from destruction and that He would appear either in August or in November.

Now, the month of November is so much awaited by many spiritualists around the world. *Bhagwan Sri Satya Sai Baba*, the divine incarnation of God on Earth was born on November 23<sup>rd</sup> 1926 in India. He left His body in April 2011, and there have been many signs that indicate that He will come back in His same form on Earth and bring about the new age and remain in the same body for another 7 years or so. Many devotees in different parts of the world have got dreams and visions about Sai Baba coming back in the same form soon. I believe that the time for His coming could be anytime from November 22<sup>nd</sup> to November 28<sup>th</sup> this year. The week of November 22<sup>nd</sup> to November 28<sup>th</sup> will be a very highly spiritual time when HE is most likely to appear. Many other spiritual souls around the world will also get the message and all the chosen ones will flock to HIM to be a part of the divine mission.

Let us all pray to God to bring humanity to the new age, the golden age, where there will only be peace, love, harmony, righteousness and truth. Human beings will live in a high state of consciousness and all will experience divinity within themselves.

Om Sri Sai Ram.
